Public Comment:

There was no public comment.

Approval of January 18, 2007 Minutes

- a. Approval of February 15, 2007 Minutes

Due to lack of quorum, approval of minutes was delayed to end of meeting.

2. Presentation on Central County Freeway Study

Christine Monsen introduced Beth Walukas, a senior planner from the Alameda County Congestion Management Agency. Ms. Walukas gave a PowerPoint presentation on the Central County Freeway Study and distributed handouts of the PowerPoint, a fact sheet for study, and a list of candidate studies.

Ms. Walukas included in her overview of the study that in October 2005, the governor approved AB 1462, amending Senate Bill 509, which authorized a local alternative transportation program to address transportation problems and opportunities in place of the State Highway Route 238, the former "Bypass" project. In December 2005, ACTA adopted Amendment #1 to the 1986 Expenditure Plan for the replacement project of the Route 238 Hayward Bypass, known as the Route 238/Mission-Foothill-Jackson Corridor,

as well as funds for traffic improvements in the Bayview area, and for the I-580/Redwood Road Interchange, also funded by ACTIA.

The purpose of the study is to identify and prioritize improvements in the I-580, I-238, and I-880 corridors including traffic analyses, developing performance measures to rank candidate improvements, and to document a prioritized program of freeway improvements to relieve congestion that would have been served by the Route 238 Hayward Bypass, which was deleted from the Measure B Expenditure Plan.

The ACTA Board identified ACCMA as the project sponsor. Project management and approval process for the study includes a Technical Advisory Committee, a Policy Advisory Committee, the ACTIA and CMA Boards and the California Transportation Commission (CTC). The project must be approved by July 1, 2010.

Ms. Walukas also illustrated the candidate improvements, which represent \$500 million in project submittals— about half of the amount that will be allocated. For meeting agendas on this topic, go to: www.accma.ca.gov .

Questions and answers followed Ms. Walukas' presentation. In response to an inquiry of when the date is for final completion of I-238 Interchange, staff answered that it was started in October 2006, and it is expected to be completed in 2010.

In response to a committee inquiry of whether the funding plan considers Proposition 1B funds, Ms. Walukas responded that Prop 1B funds are already allocated to I-880, and that is unlikely that Prop 1B will be made available to the other projects in the area.

In response to a committee inquiry of whether the process includes analysis of transit over last 10 years to indicate traffic patterns and to help project how to pinpoint priorities, Ms. Walukas responded that the Study uses a transportation model which utilizes the Association of Bay Area Government's (ABAG) projections for housing and jobs in Bay Area.

In response to a committee inquiry of whether the trucking industry approaches ACTIA or the CMA with ideas for solving congestion issues, Ms. Walukas responded that the Port of Oakland is participating on the Alameda County Technical Advisory Committee (ACTAC), and that the Metropolitan Transportation Commission (MTC) has a regional goods movement task force.

In response to a committee inquiry of whether or not the Port of Oakland could do their own study and ask to be incorporated into CMA work, Ms. Walukas responded that the Study is exclusively looking at 5-10 year projects, and that plans must be submitted to the CTC by 2010.

3. Update on LBE/SLBE Outreach and Program

Keonnis Taylor gave a brief background of the LBE/SLBE program, and gave a summary of the outreach that was conducted over January, February, and March of 2007. Christine Monsen reviewed the eight revisions to the LBE/SLBE program and outlined the outcomes and input generated by the outreach to the local small business community. Ms. Monsen also detailed the suggested amendments to the program developed from the input and feedback from the attendees of the four public meetings and respondents to the feedback form. Final documentation will go to the board in June 2007.

4. CAC Member/ Outreach Reports

Cynthia Dorsey announced that CAC member, Linda Perry, has resigned due to family medical issues. Ms. Dorsey also informed the committee that CAC Member Val Chinn sent notice that she would be unable to attend the May 17 CAC Meeting. Keonnis Taylor added that notice was also sent by Sherman Lewis, Ronald Washington, and Bob Billmire of their absences.

Audrey LePell reported that the Hayward Planning Commission received a presentation on the Route 238 alternative. The Commission did not take a vote. Five members spoke against the one-way system. On July 17, 2007, the Hayward City Council will receive a presentation on the environmental impact report. Ms. LePell submitted nine pages of comments.

Cynthia Dorsey announced that AC Transit will have 82 route and system changes. She will email website information. Ms. Dorsey also invited the CAC to a CarFit and Transportation Resources Fair on May 22 for seniors. ACTIA has provided funding to Fremont and Newark for paratransit users, who may register and use free AC Transit services. AC Transit is starting two new circulator routes aimed at seniors in the Tri-City area— one from Union City to Newark; the other from Fremont. Service will start in June. They also have flex services.

5. Staff Report

Christine Monsen reported that the I-880 Mission Boulevard Project is two-thirds complete in half the anticipated time. It will be done in 2009. There has been a lot of great, fast progress on this interchange.

The I-580 Redwood Road project has recently received environmental certification by Caltrans and the Federal Highway Administration.

Ms. Monsen also announced that she and Tess Lengyel went to Washington, D.C., and met with members of Congress, Tauscher, McNerney, and Lee, and spoke with representatives from Senators Boxer and Feinstein as well as several committees. They discussed ACTIA projects and programs, and encouraged funding for transportation for seniors and people with disabilities.

CTC Commissioner, Carl Guardino—Executive Director of Silicon Valley Manufacturing Group—will meet with the ACTIA Board and CMA board.

6. **Adjournment / Next Meeting**

The meeting adjourned at 7:31 PM.
